

The familiar format portable PA system that has lead the market for many years – Tried and True!

The Dynasty offers many of the features of the larger models but at a more cost effective price point. With a choice of single or dual channel UHF wireless receivers, MP3 compatible CD player with Infra-Red remote control, auto reverse recording cassette deck and a super efficient and great sounding 6" x 9" three way speaker. It's no wonder the Dynasty is so popular – have you ever listened to a Dynasty and compared it to it's competitors? Try it for yourself!

For unbeatable deals on Australia's favourite range of portable PA and sound systems, call National Audio Systems.

Some applications for Chiayo Portable PA's include:

education - churches - corporate - auctioneers - conferences - wedding celebrants - function hire companies - rallies - trade shows - shopping centre demonstrators - aerobics - parades - outdoor sporting events - school fetes - driveway hire companies and many more!
